

HARVEST *of the* MONTH

MASSACHUSETTS
Farm to School

massfarmtoschool.org

Mass. Farm to School's Harvest of the Month campaign promotes a different Massachusetts-grown food each month in early care centers, preschools, school cafeterias, hospitals, and universities across the state. The program's goal is to encourage healthy food choices by increasing children's exposure to seasonal foods while also supporting local farmers and fishermen and building excitement about local, healthy foods. The Harvest of the Month cycle begins in September.

Harvest of the Month Calendar 2017-2018

September: Tomatoes
October: Pears
November: Kale
December: Carrots

January: Apples
February: Butternut Squash
March: Dairy
April: Potatoes

May: Seafood
June: Strawberries
July: Cucumber
August: Peaches

Harvest of the Month participating centers will:

- Locally source and menu the featured Harvest of the Month food at least twice per month in all participating locations.
- Utilize promotional materials including our beautiful Harvest of the Month posters, trading cards and "I tried it!" stickers each month.
- Share your experiences & activities with Mass. Farm to School and our community.
- Engage with families in your community by letting them know how you are implementing Farm to Early Care & Education activities into your program.

Mass. Farm to School will:

- Provide individualized technical assistance for sourcing the Harvest of the Month foods from local farms.
- Mail Harvest of the Month materials (including posters, trading cards, and stickers for each featured food) for display and distribution in each participating center.
- Provide free downloadable promotional and educational materials for your use, including monthly Harvest of the Month newsletters which will include activities and recipes.
- Provide access to additional resources for curricular connections and home activities (including links to curriculum guides, home-scaled recipes, nutrition information, arts and crafts, taste testing activities, and more).
