

AWARDED LOCAL PRODUCE VENDORS

The Northeast Produce RFP was issued to enable food sales between schools and local food aggregators (i.e., food hubs) from August 2023 – June 2024. This RFP was issued on behalf of the Massachusetts Association of Regional Planning Agencies (MARPA), and therefore covers all cities and towns in Massachusetts. This process was conducted to clear vendors through the state procurement process.

WHAT THIS MEANS FOR SCHOOL FOOD AUTHORITIES (SFAs)

- SFAs can contract with any of the awarded vendors without the need for a request for quotes, request for proposals, invitation for bid, or any other procurement process.
- All contracts entered into are between the SFA and the vendor.

KEY NOTES

- Contracts may only cover products vendors listed in their price sheets as part of their response to the RFP. See their complete product list and pricing on the website by scanning the QR code below.
- If you want to purchase products not listed in the price sheet, you will need to do a separate procurement process.
- Vendors may offer products at a lower cost than is listed in their price sheet, but they may not charge a higher amount.
- Please make sure all federal and local regulations that apply to your SFA are followed. Contact your legal department to learn more.

SUPPORT AVAILABLE TO SCHOOLS

Are you looking for support sourcing local products in addition to produce? Mass. Farm to School will be offering additional procurement training and support throughout the school year including direct connections to local producers and help using the sample Request for Quotes developed by DESE's Office of Food and Nutrition Programs. Download the sample RFQ by scanning the QR code below. Reach out to **Abby Getman Skillicorn**, abby@massfarmtoschool.org for more info.

ABOUT BOSTON FOOD HUB

Boston Food Hub, a social enterprise of Boston Area Gleaners, is a nonprofit produce distributor that connects New England farms with reliable wholesale markets. Boston Food Hub provides wholesale buyers, distributors, and institutions access to a wider array of local farms and food purveyors. Together we strengthen the local food supply chain, the local economy, and local access to fresh, healthy food for all.

DELIVERY INFORMATION

Boston Food Hub can deliver throughout central and eastern Massachusetts, and requires a 10 case delivery minimum.

ABOUT LOCAL FOOD WORKS

Local Food Works is a Regional Food Center that collectively aggregates and distributes local food products from 30+ farms in North Central MA. We offer wholesale local produce and are able to connect you with local farms in our region that sell eggs, dairy products and meat. Very soon we will be opening a food processing facility in Gardner, MA with the ability to lightly process local fruits and vegetables (cubed butternut squash, frozen broccoli florets) to make preparation easier for institutions like schools.

DELIVERY INFORMATION

Delivery to North Central MA is part of their mission to create an equitable and sustainable local food system(s).

ABOUT NEW ENTRY

The New Entry Food Hub focuses on supporting small-scale beginning farmers to establish and grow their businesses through training, technical assistance and marketing support. Your wholesale purchases from New Entry allow us to continue connecting beginning farmers to institutional markets and supports our mission of bringing fresh and nutritious produce to under served communities in the Greater Boston Area.

DELIVERY INFORMATION

Offered year-round and free of charge for orders of \$200 or more. We currently deliver Tuesday-Thursday throughout the Greater Boston Area and the North Shore. We are willing to expand our delivery range to bring local produce to schools.

ABOUT WORLD FARMERS

World Farmers advocates for and supports small-scale immigrant, refugee, and historically underserved farmers from farm to market. Our aggregation and distribution work follows a model similar to a growers association and a food hub and provides a stable market for immigrant and refugee farmers within our network. We support all vegetable farmers who specialize in cultural crop production.
